Hello Chapter C,

We are staying! The vote was taken at the March gathering and the decision was to stay at Old Country Buffet.

We also said goodbye (for now) to Butch Martin. With Shirley no longer riding and grandchildren taking up their time they decided to sell the Valkyrie. Hopefully he will come visit us for breakfast once in a while. As a going away gift he won the 50/50 drawing.

On Sunday March 26th twelve members participated in Chapter A's Bowl-a-thon. With no practice Greg Goble had high game for the chapter with a 220 and 449 set. Pennsylvania chapter V won first place, high game and high set. Chapter K won last place and lowest game.

When you see Dave and Gloria Pumphrey and Joan and Greg Goble ask them about the "Spring Break" cruise that the district went on.

Lloyd and I had a good time in Lost Wages (Las Vegas) The Grand Canyon was impressive. We drove some of old Route 66 and it was easy to see what it must have been like in it's prime. The Hoover Dam was interesting. We learned that this was the first job sit to use a hard hat. So many workers were killed or injured that they invented the hard hat using tar and plastics. From then on the hard hat became standard on job sites in the United States. We had to go through a security checkpoint and open the car trunk for us to be able to enter. Death valley was awesome. The desert plants were in full bloom. In one weeks time we went from the highest point above sea level in the Grand Canyon to the lowest point below sea level in Death Valley. We also saw the Borax Mine in Death Valley. Lloyd said he could still see Ronald Reagan standing there in the old movie Twenty Mule Team Borax. Red Rock Canyon was nice too. Although I would not go back to Las Vegas again I think it was worth seeing. It was cool temperatures all week but we still put the top down on the rented convertible (with the heat on!).

On April 2nd we visited chapter I in Waldorf. Twelve members got up very early and left at 7:00am for Waldorf.

On the same afternoon there was a Memorial service for George Heffner's mother Fran Marsh at the retirement community where she lived. The room was full of people who had very nice things to say about this gracious and elegant lady. Give your regards to George and his family for their loss.

Be sure to ask Carole Michaelson about the new "cowboy" in her life.

If you aren't attending the monthly gatherings you are missing the chance to be heard. We hope to "C" you there soon.

Lloyd and Cathi Anderson.

Sheep Herder News

Sheep are found all over the world. Most of them are domesticated, but some of them live in the wild. They are very social animals and live in groups called flocks. Domesticated sheep may live on small farms or on large ranges. They like to graze and eat grass, but farmers may also give them hay and grain to eat. It is very important that they have lots of water to drink and shelter in very hot or very cold weather. For those who are interested Howard County hosts an Annual Sheep and Wool Festival.

How Much Do You Know About Maryland?

By Debbie Harvey

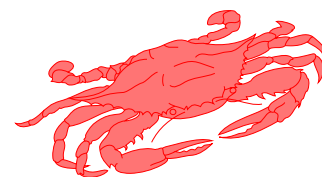

We are a Maryland Chapter. But, just how much do you know about Maryland? See how many questions you can answer.

1.) Who invented the first automatic elevator in Baltimore in 1856?

2.) What is the official State flower ?

3.) What two occupations are represented by the two men who stand on either side of the Great Seal of Maryland ?

- 1) James Bates
- 2) Black-Eyed Susan
- 3) Framer and Fisherman

THE 20,000 POUND GORILLA

If you are a 12 wheel dump truck, you can demand all of the rights of way that you are entitled to. You can pull out in front of the idiot who forgot to turn of his right turn signals, you can forget about the guy who pulls in front of you because the exit ramp snuck up on him, you can be the first through the green light, and give little heed to the lady signaling to make a left to cross your lane into the gas station. These people can turn into crinkled wrecks. Even the 18 wheelers give way because you are a big 20,000 to 30,000 pound brick wall Gorilla on wheels.

HOWEVER, If you are a two or three wheel motorcycle, none of the above applies to you. Your rights are to enjoy the fresh air and stay out of everyone's way even if you must give up your own right of way.

This means:

Don't let anyone drive beside you. He will swing into your lane

Don't drive close to the car in front. He will slam on his brakes

Don't let anyone drive close behind you. He will not stop in time if you need to stop quickly. If you do need to stop in a hurry pull to the right so the guy behind will hit the guy in front of you instead of you. (happened to me once.)

Don't be the first one through the new green light. The guy beating the yellow will get you. Don't try to beat the yellow for the same reason.

What Happens When We Get To Old To Ride Our Wings?

We down size our engines.

We go from 2-wheels to 3-wheels to 4-wheels.

We install lounge chair in our trailer.

We spend more time riding on sidewalks (Lloyd has been practicing the side walk riding for some time now. (Cathi.....Duck. Lloyd stop and think about what your doing)
